

### Private in Studio Piano Lessons

Learn how to take out a tune in free jazz improvisation or opt for a more General piano program.

### Virtual Piano Lessons

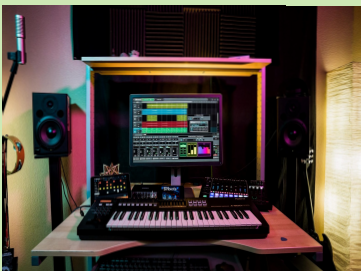

Easy setup, login and join me for an online lesson. Schedule times that suit your lifestyle.

### Key-tar Lessons

I use the Key-tar like a jazz guitar. It can be an electronic piano, synthesizer or any virtual instrument you program it to be.

As a keyboard controller it will trigger clips, load instrument patches, bend and modulate sound.

### Electronic Music Production

Create songs, make beats and explore dance club styles. Learn recording, mixing, and mastering audio on your laptop or iPad, good enough to stream.
