Piano

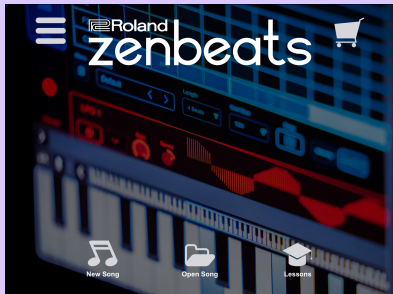

Virtual Piano Lessons

In the comfort of your own home. Easy setup, login and join me for a lesson. Two pianos make listening and playing efficient and more enjoyable.

Private In Studio

Traditional methods exceptional results.

Production

Music Production

Create songs, make beats and record. Explore Digital Audio Apps like Zenbeats and Studio One.

Learn about mixing, midi and mastering audio, good enough to stream.

Keytar

Keytar Lessons

I use the Keytar like a jazz guitar. It's a synthesizer or any virtual instrument you want.

As a controller it will trigger clips, load instrument patches and bend and modulate sound.
