## Piano

### Virtual Piano Lessons

In the comfort of your own home. Easy setup, Login and Join me for a session in my virtual classroom.

With 2 pianos in the room listening, playing and demonstrating makes faster more enjoyable learning.

## Music Production

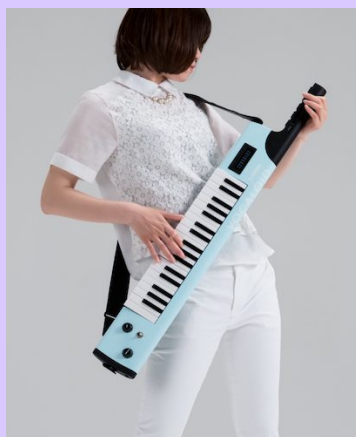

### Music Production

Create songs, make beats, view tutorials and record with Zenbeats and other DAW software.

Learn about mixing, mastering, effects and producing songs good enough to stream.

## Keytar

### Keytar Lessons

I use the Keytar like a jazz guitar. It is a synthesizer or any virtual instrument you chose.

As a controller it will trigger clips, load several patches, bend and modulate sound.
